## **Quality and Food Safety Policy**

TG Arla Dairy Products LFTZ Enterprise is committed to meet and exceed the expectations of our interested parties combining competent and skilled experienced employees to fulfill our obligations.

We believe quality and food safety is the responsibility of everyone from raw materials receipt to storage and transport of finished goods.

To achieve this, the following quality and food safety principles are the foundation of our commitment:

- Establishing and reviewing key quality and food safety objectives.
- Ensure products are packed under hygienic environment.
- Comply with all applicable statutory, regulatory and customer requirement relating to our business activities on Quality and Food Safety.
- Establish a sustainable Quality and Food Safety system through the implementation of ISO Management Systems, combining with HACCP pre-requisite program for food safety.
- Ensure suppliers are monitored for Quality performance through Audits.
- Continually communicate and make available the Quality and Food Safety policy to all relevant stakeholders.
- Provide employees with adequate knowledge and training on Quality and Food Safety.

Employees at all levels and function in the organization are responsible for the successful implementation of this program and continual improvement.
